THE HERALD is now comfortably located in its new home, all necessary "fixing" been done and we believe there are few offices in the state that are better equipped in point of room, arrangement and light than THE HERALD. The latest string is always on the outside for everybody and our stockmen friends who have writing to do will find a pleasant office with desks and stationery at their command.

Death of John Reed. John W. Reed died last Saturday afternoon after an illness of several weeks with kidney trouble. Mr. Reed was fifty-seven years of age and had seen much of frontier life, having frequented across the plains from Omaha to Denver when a boy and was also engaged in the same work in the Black Hills. Mr. Reed located at Crawford when the town was started and resided there till coming to Alliance two years ago. His sons, Charlie, Will and Robert are well known railroad men of this city. Mr. Reed was a devoted husband and father and was respected by all who knew him. The funeral services were held at the home Sunday at two o'clock by Rev. C. W. Ray of the M. E. church. The family has the sympathy of a large circle of friends in their sorrow.

CARD OF THANKS. We shall never forget the kind words, acts and deeds of all those who sought to lighten our affliction in the loss of our husband and father.

MRS. JOHN W. REED AND FAMILY.

Resolutions. The following resolutions of condolence were adopted by the Ladies Aid society of the Methodist church of Alliance:

Resolved, Our Heavenly Father has seen fit to bring bereavement to our sister, Mrs. John W. Reed, by taking her beloved husband, be it

Resolved, That the members of this society extend their sympathy in this hour of sorrow and be it further

Resolved, That a copy of these resolutions be sent to the family, be published in the local papers and also recorded in our minutes.

The Russians and Japs are at war in earnest and the Japs have the best of the scrap at this writing. The latest reports state that four battleships and three cruisers of the Russian fleet have been sunk in an engagement Wednesday off Fort Arthur.

BOND ISSUE IS AUTHORIZED.

Redfern Stockholders Vote it at a Special Meeting.

The Redfern Gold Mining Company held a special meeting of stockholders at which the directors were authorized to issue \$75,000 in first mortgage bonds.

The company is working through a New York firm that gives assurances of having a place to dispose of these bonds at once, and as soon as that can be accomplished machinery will be purchased for mining.

In the meantime the company is sinking a shaft with a horse whim and at the depth of about fifty feet the entire bottom of the shaft is free gold quartz from which fine specimens containing metallic gold may be taken.

Assests have been obtained running all the way from \$18.00 to \$36.00 per ton. The company owns a vast tract of mineral land in Pennington county along the Burlington railroad at Redfern station.

There is on the ground a five stamp mill that has been used for the purpose of demonstrating the value of the ore. As soon as the bonds are sold it is the intention to install a steam plant at the main shaft which will be continued to depth.

This company has one of the finest prospects to make it one of the best paying mines in the hills. They have large bodies of ore in sight which means a great success to both the company and stockholders.

Just as soon as the company gets their machinery in there will be no more stock on the market for sale. The company has some of the best practical mining men connected with them there to be found in the country, and there is no reason why this mine should not get to be one of the best dividend payers there are to be found in the country.

It is only a matter of time—it takes time—to raise, install machinery and develop property, as soon as all of this is done then the results quick and fast.

There is no better business than mining, the statistics show that there are forty-five per cent less failures in mining than any other industries, the failures are less, the successes more pronounced and bring more abundant wealth in less time than any other industry in the world.

Gold mining is the one form of mining now unaffected by trusts. Some of the richest men in the world have accumulated their wealth, through investing in mining stocks and mines, and we do not consider that there are any stocks on the market in the Black Hills at the present time but what will prove to be a good investment.

Small investments sometimes yield great fortunes in a short time, and it is the only way a man with moderate means can ever accumulate wealth. The Black Hills to day is the greatest mining center in the United States, and any one seeking to invest in mining stocks, or mines, in the Black Hills can do so with perfect safety, and with the assurance of good results.—Deadwood Times.

A number of Alliance citizens have stock in the Redfern property.

The Eence Law Imposition.

Deputy United States Marshal Homan arrived from Omaha Sunday and on Monday served capias on W. G. and A. J. Simonson, Valentine and John King, John and Herman Krause for the alleged fencing of government land. These gentlemen were indicted by the grand jury together with a number of other residents of northwest Nebraska. The gentlemen accused accompanied the marshal to Omaha and gave bond for their appearance when the cases are called for trial. All of them informed the editor of THE HERALD that they have no government land enclosed; some of them did have fence on the public domain but removed the same when notified. THE HERALD does not desire to criticize District Attorney Summers, the United States Marshal or Special Agent Deffrees who has been representing the department at Alliance. These gentlemen are simply complying with orders of the interior department. But the idea of pulling men down to Omaha, to satisfy a spiteful neighbor in most cases, is one of the many farces of this administration. THE HERALD ventures to say that the Roosevelt club to be organized in Alliance will not have a single stockman on its list.

M. E. Church Notes.

Ladies Aid will meet with Mrs. W. W. Norton next Wednesday afternoon at 2:00 p. m.

The Epworth League has launched a new enterprise. At each Sunday morning service, ladies of the League will keep the babies of mothers who desire to attend church at that time. Mothers may leave their babies at the home of Mrs. Randall.

The spelling match given by Mr. Warwick's class at the M. E. church last Friday evening proved very successful in evidence of which Mr. Warwick has been required to give another next Friday evening, February 12. All come and spell. Admission ten cents.

Sunday school teachers meeting will be held at the residence of Mrs. H. T. Cary, with Mr. H. G. Warwick. All teachers are requested to be present. Meeting was held at the home of Mrs. R. T. Watson last Tuesday and a large number were

present notwithstanding the stormy weather.

Regular services at the M. E. church next Sunday. Morning subject: "The Christian Alike the World." Evening subject: "Go thy way Until a Convenient Season." Class meeting at 12:00 noon; Junior League, 2:30 p. m. Epworth League 6:30 p. m. Prayer meeting, Thursday evening, 7:30 p. m. All are cordially invited to attend.

Ladies' Billiard Parlors.

The grand opening of the ladies' new pool and billiard parlors in the basement of the Zbinden block, will take place this evening. A. C. (Dad) Johnson, the proprietor, has just put in four elegant new tables and the room is a parlor, sure enough. Gentlemen must be accompanied by ladies. No smoking allowed. Attend the opening this evening.

For Sale.

Cattle and horses on place are also for sale. For terms and further particulars write or call on

ERIC RASMUSSEN, Hemingford, Neb.

It seems that stock-jobbing was a part of Panama conspiracy and that some in the confidence of the administration made hundreds of thousands of dollars. It is estimated that officials are involved.

A new "Iowaidea" has broken out. A bill before the legislature makes it necessary for a prospective bride and groom to furnish certificates of reputable physicians that they have been thoroughly instructed in the course prescribed by law concerning the causes of diseases and the birth and rearing of children.

The turnout of a glittering troop of cavalry to receive Governor Taft of the Philippines and the mustering of another clattering company to enable Secretary Robt to resume his position as a private citizen are likely to have important results. Foreign ambassadors in Washington are enquiring why they cannot have some of this royal pomp and circumstances, and members of the cabinet visiting various parts of the country wonder why they cannot make their tours accompanied by the gorgeousness of soldiers and a brass band. It might surprise Washington, Jefferson, Franklin, and even Lincoln, but, as Senator Lodge remarked, "We must be prepared for larger demonstrations."

Visits The Old Home.

To THE ALLIANCE HERALD: I wish to inform my many readers that I arrived home from my three months' visit in Northern Illinois last Friday and that I had a most pleasant time visiting my aged mother and many other relatives and friends and the scenes of my childhood. I was given a very warm reception by all; so much so, indeed that it greatly endears them to me. I felt very sad at having to part with them, especially my dear old mother who is nearly 82 years of age, but who retains her mental faculties to a remarkable degree, but is very poorly in health.

It has been thirteen years since I last visited there and of course there were many changes. My father had died and my mother had left the old farm and moved to a commodious home in the town of Capron and so I had my first taste of town life and found it very pleasant.

The weather was very cold and wintry, with lots of snow. The sound of sleigh bells could be heard and cutters seen flying in every direction. This is a very prosperous part of the country, farm land being worth all the way from \$8.00 to \$10.00 an acre. Corn, hogs and dairying is the principal business of the farmers. But I did not like the climate; it is too damp and heavy; it causes much lung trouble and catarrh. In fact it is quite sickly back there and I told them I would not live there if they would give me a farm, for I knew I would succumb to the unhealthiness of the climate, for it was cloudy and stormy most of the time I was there. I told them I was going back to the land of sunshine and pure air again, though I did hate to leave my mother and friends.
